

Social Life & Campus Integration Among Second-Year Undergraduates

Hello! 🙌

We are a group of **third-year undergraduates from the Faculty of Science**, University of Colombo. We are conducting a survey to understand how students connect with campus life, participate in activities, and build friendships.

"Campus Integration" refers to how well a student feels connected, involved, and supported within their university community – including friendships, participation in activities, and overall sense of belonging.

Your responses are **completely anonymous** and will be used only for academic purposes.

The survey takes about 5 minutes to complete.

Thank you very much for your support!
